Financial Arrangements

Payment is expected at the time services are performed. We accept cash, checks, Visa, MasterCard and American Express. When extensive dental care is necessary or when dental insurance is involved, financial arrangements can be made with our office manager, and a payment plan that suits your needs will be discussed. Please inquire about our financing plans. Our primary concern is your dentistry. Nonetheless, we will be sensitive to your financial circumstances within the framework of sound business practices.

Dental Insurance

Our office will prepare all of the necessary forms for this important benefit. However, we remind you that your policy is an agreement between you and your insurance company, not between your insurance company and our office. We can make no guarantee of any estimated coverage, but we'll do our best to see that you receive your maximum benefits. If you would like to know what your expected coverage will be, we will submit a pre-treatment estimate. Your insurer will generally send a detailed response within 4-6 weeks.
